Laboratory Work 3: LaTeX Study

Introduction

This laboratory work focuses on learning LaTeX for scientific writing.

Learning LaTeX

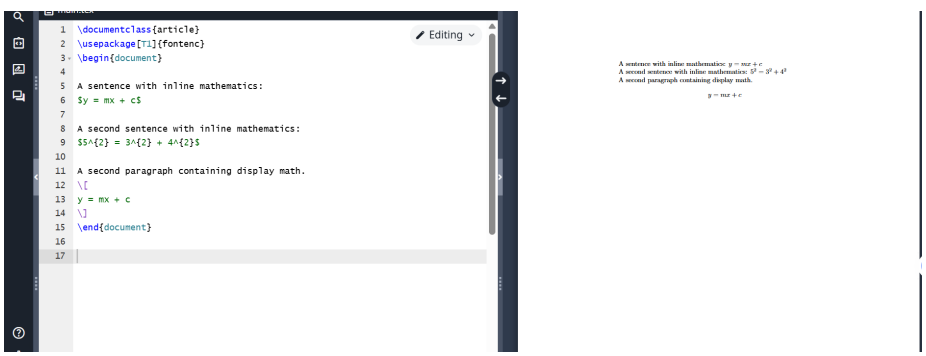

Figure 1: LaTeX interface

Basic Commands

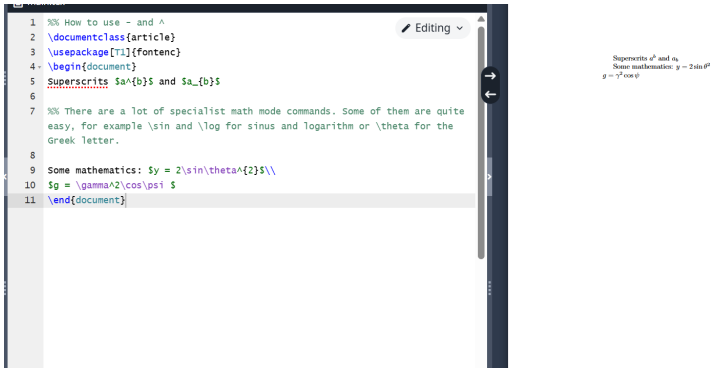

Figure 2: LaTeX commands

Mathematical Expressions

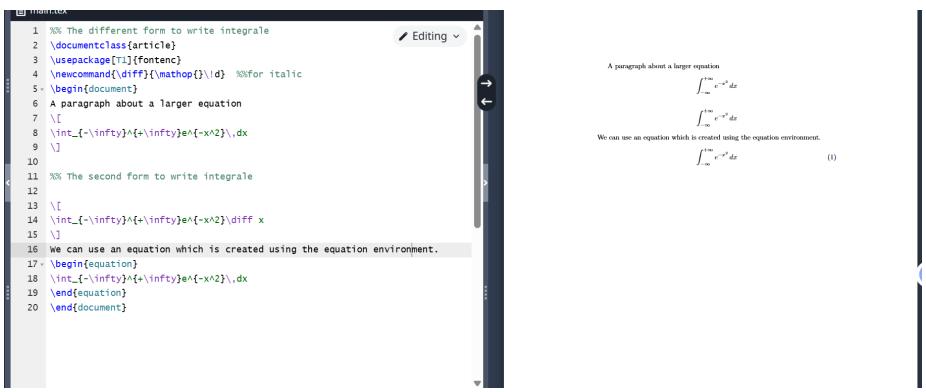

Figure 3: Mathematical formulas

Advanced Features

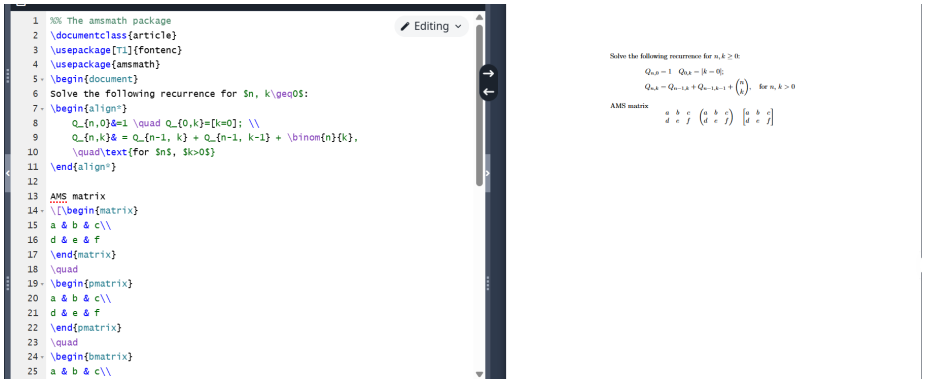

Figure 4: Advanced LaTeX

Packages and Extensions

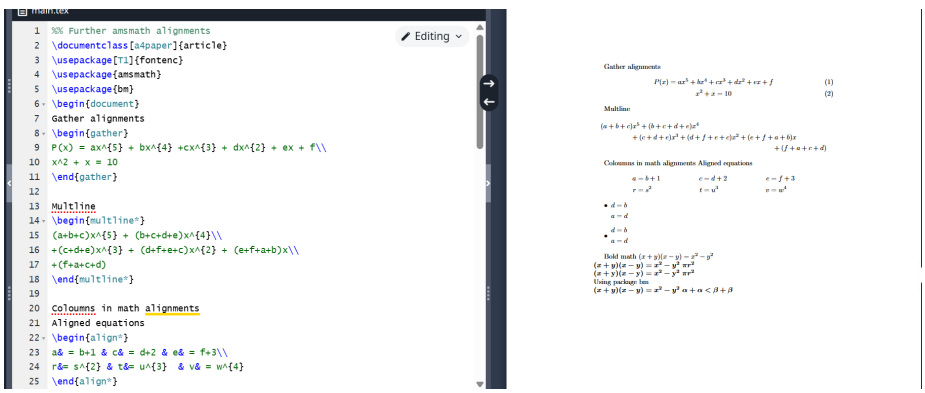

Figure 5: LaTeX packages

Customization

Figure 6: LaTeX customization

Additional Features

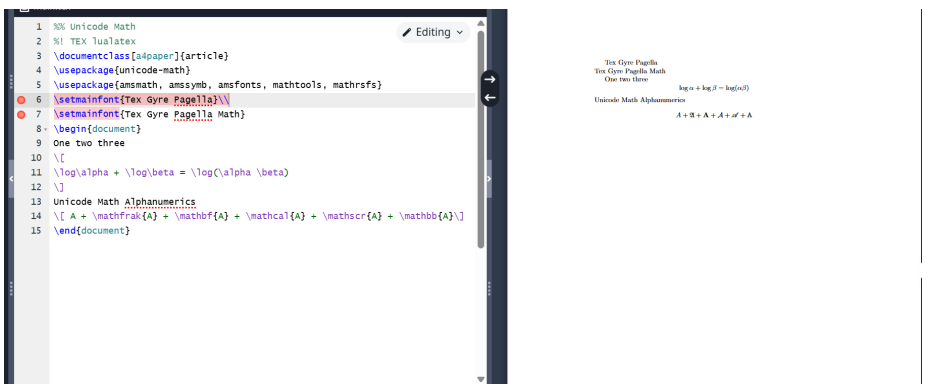

Figure 7: LaTeX features

Conclusions

1. Got acquainted with LaTeX language
2. Continued studying its capabilities
3. Learned to write mathematical formulas
4. Explored various LaTeX packages
